

# Business Directory 2008/2009

## Area Services and Businesses

Google it or check if you find it here! Locate a handyman, painter, plumber or any type of vendor for your every day or eco-friendly property renovation project. I have compiled a referral directory with vendors that my clients or I have worked with or that are trusted members of "The Green Room" and wished to be listed here.

Look out for this symbol  indicating an eco-friendly vendor.

Also, if you know of someone that should be listed here let me know who they are and I will add them to this list!
